

## Important Disclaimer

### **We do not provide investment advice:**

The information provided in this research report is for informational purposes only and does not constitute investment advice. It is not intended to be, nor should it be construed or used as, an offer to sell, or a solicitation of any offer to buy, any securities or other financial instruments. Investors should not rely on this information for making investment decisions and are advised to conduct their own research and consult with a qualified financial advisor before making any investment decisions.

The views and opinions expressed in this report do not necessarily reflect the official policy or position of Phinance Technologies. The authors of this report may have positions in the securities mentioned and may trade in these securities for their own account. Past performance is not indicative of future results, and there is no assurance that any strategies discussed will be successful. All investments involve risk, including the possible loss of principal.

Phinance Technologies and the authors of the research report assume no responsibility or liability for any errors or omissions in the content of the product. The information contained in the report is provided on an "as is" basis with no guarantees of completeness, accuracy, usefulness or timeliness.

We also assume no responsibility in regard to the accuracy of the data provided from third-party data sources. We do our best to use the most reliable data, mostly from official sources, such as government statistical offices, or supra-governmental sources. However, we do not guarantee their accuracy, completeness or timeliness.

### **Use of AI in producing our report:**

The content of our reports is generated using Human Intelligence (HI). Most of the content of our reports are produced by human-written and original text. In the few instances where AI tools were used, appropriate references are provided.

**We retain all ownership of the copyright of the Digital Product in its original form downloaded by you.** If we see you have shared our Digital Product with a third party or used it for commercial use rather than personal or business use, we reserve the right to claim compensation for such unauthorized use.

The digital products may be used for business purposes in meetings and presentations for key decision makers but cannot be shared without prior consent by Phinance Technologies. The product files cannot be distributed within the organization. Permissions to share are evaluated on a case by case basis and can be requested through the email: [support@phinancetechnologies.com](mailto:support@phinancetechnologies.com).

**Use for AI learning:** We do not allow the report contents to be used for learning in AI models.

**No Refund Policy for Purchased Research Reports:** Thank you for choosing our research services. We are confident that the quality of our research material and the many important insights offered in this report more than justify the purchase price. Please note the following policy regarding refunds:

**All sales are final:** Once a research report has been purchased, these are considered final. This policy applies regardless of the use, satisfaction, or perceived value of the report after purchase.

**Immediate Access:** Upon purchase, you gain immediate access to the digital report. Due to the nature of digital products, any possible refunds after access has been granted will be at the our sole discretion.

**Exceptions\*:** In the case of the China report package, we will consider partial refunds, up to 50% of the purchase value, in very special circumstances.

**Contact Us:** If you have any issues or questions about your purchase, please contact our customer service team at [support@phinancetechnologies.com]. We are here to assist with any concerns regarding your report, but please understand refunds are generally not available and any refunds are at our sole discretion. By purchasing our research report, you acknowledge and agree to this no-refund policy.

\* We will examine each case individually, and consider whether a partial refund is warranted, up to half of the purchase value. This will be entirely at our discretion, and our decision will be final. If any client is unsatisfied with the quality of the research in this package following purchase, we would be grateful for your feedback on where it fell short of your expectations.
