

Email update # 21. (2024-11-27)

Dear Humanity Projects subscribers,

We hope you are all doing well. We are pleased that our research is reaching more and more people and having a significant impact on changing the prevailing pandemic narrative. With RFK's nomination by president Trump to head the HHS, we believe that the tide has changed and hope that accountability for the pandemic disaster is near.

Thank you all for following, sharing, and to our volunteer researchers for taking time from their personal lives to help this project. Below is an update on our latest research activities since our last update of 11th of October 2024.

1 - Latest research updates:

Since our last update we have slowed down our research efforts and focused more on preparing some media materials that will document our project and our research. However, we still have ongoing research projects that are expected to be completed before the end of 2024.

2 – Research papers/reports on which we are currently working:

- Cardiovascular deaths in the US during the pandemic.
- Trends in deaths related to Skin Diseases.
- VAERS reports for specific causes.
- Estimate of VAERS URF
- Updated pandemic scorecard.

3 – Our new media webpage for sharing the output of our project:

<https://phinancetechnologies.com/HumanityProjects/Humanity%20media.htm>

As part of the media output, we created Rumble channel where our video content will be uploaded. When uploading our content to YouTube, we were almost immediately censored, before releasing our first video to the public. Our content was removed in order to keep the YouTube community “safe” from “medical misinformation” that goes against the guidelines from local health authorities and the WHO.

This means most certainly that we are on target and consequently our work is important to share far and wide. Efforts to suppress research that goes against the prevailing narratives is an attempt to erase this evidence from history. To try to avoid this, please subscribe to the Rumble channel, recommend it, share it. We rely on you to spread the word.

Video 1 – Introduction to the Humanity Projects. Direct link: <https://rumble.com/v5i71qt-humanity-projects-video1-introduction.html>

Video 2 (3-part series) – How did we know? This is probably our most important video, please view and share it.

Part 2: <https://rumble.com/v5tbkpk-humanity-projects-video-2-part-2-the-evidence-from-2021-onwards.html>

Part 3: <https://rumble.com/v5sz6eh-humanity-projects-video-2-part-3-lessons-learned.html>

Thank you for your continued support. Your donations and support allow us to maintain and expand our research, as well as, providing us energy to continue this enormous task.

Wishing you all a bright future,

The Humanity projects team
